
Interested in Tipperary, Ireland

'The village' is in Tipperary. This amazing project is in 67 acres beside the village of Cloughjordan. I visited the site last summer, and site works had commenced, ready for services and infrastructure works. There is large diversity of house styles and I believe there are still plots available.

Check out the website in 'Interesting Developments' under the Links tab above.

So if you fancy living in Tipperary this could be ideal. <http://ecomotive.org/images/fbfiles/images/cloughmap.gif>
