
Finding people in your area

To assist you in finding other people in your area ecomotive has produced an A5 poster which you can download, print and put up in strategic places in your neighbourhood.

How about coffee shops, cafes, health food shops, building merchants, wherever there may be other like minded people. Many places have notice boards and may be happy to display an A5 poster if you ask nicely.

This may be a great way of finding people who live just around the corner who would also really love to create their own home.

Go to the RESOURCES tab at the top of the page to download the pdf.
